

Total Gym® Sport

The all new Sport model is recommended for small footprint commercial facilities and for use in the home. It features:

- 20 calibrated levels of resistance with loads from 1% to 57% of bodyweight.
- All aluminum extruded rails for smooth, quiet gliding and expansive rolling range.
- Gas strut assisted, effortless folding and unfolding capabilities.
- Center pulley attachment points on the tower with dual functionality—to double cable resistance and offer multiple leg-pulley positions for maximum flexibility.
- Automatic rail locks for stability while performing plyometric exercises.
- Release lever for easy level changes.
- Large squat stand with three height settings.
- Large glideboard with comfort cushioning.
- Sleek, molded rubber cable pulley handles.
- Other newly-designed accessories sold separately.

Commercial Warranty:

Frame- 5 years
